**To Policyowners of Manulife Investment Plus (“MI Plus”) / Manulife Investment Solutions (“MISo”)
(each a “Plan” and collectively, the “Plans”)**

**Reallocation of the Percentage Mix of the Portfolio of Underlying Funds
of the Investment Choices**

We would like to notify you of the reallocation of the portfolios’ percentage mix of the following investment choices under the Plans with effect from May 15, 2020 (the “**Effective Date**”), due to the proposed termination of one of the underlying funds under their portfolios, namely Manulife Global Fund – Strategic Income Fund (the “**Underlying Fund**”).

Name of Plan	Name of Investment Choice	
MI Plus and MISo	Manulife Inv Aggressive Portfolio	each an “ Investment Choice ” and collectively, the “ Investment Choices ”)
	Manulife Inv Growth Portfolio	
	Manulife Inv Balanced Portfolio	
	Manulife Inv Stable Portfolio	

Underlying Fund Level

As of February 28, 2020, the assets under management of the Underlying Fund were US\$40.36 million and the total expense ratio of the Underlying Fund (which represent the total operating expenses and fees (excluding transaction costs) as a percentage of its average net asset value) for the period from October 1, 2018 to September 30, 2019 was 1.63% respectively in respect of Class AA.

It is now the view of the board of directors of Manulife Global Fund (“**Directors**”) that the value of the total assets of the Underlying Fund has declined to a level whereby the Underlying Fund cannot be operated in an economically efficient manner, such that the Underlying Fund is not viable as a going concern. The Directors therefore believe it is in the best interests of the shareholders to terminate the Underlying Fund with effect from the Effective Date.

Investment Choice Level

The Investment Choices are unitized investment choices linked to the performance of the respective portfolios which are internally managed by us. The underlying investment of each of the Investment Choices is a portfolio of funds authorised by the Securities and Futures Commission in Hong Kong (“**SFC**”).¹ We from time to time review and determine the allocation and rebalance the actual mix of the underlying funds. Currently, the Underlying Fund is one of the SFC-authorized funds under the respective portfolios of the Investment Choices. Due to the proposed termination of the Underlying Fund, with effect from the Effective Date, the Underlying Fund will be removed from the portfolio of underlying investments of the respective Investment Choices and the percentage mix of the Underlying Fund will be reallocated to other bond funds currently available under the portfolio of the respective Investment Choices (the “**Reallocation**”).

Details of the Reallocation are set out as follows. Please note that the relevant percentage mix of the remaining underlying funds in the portfolio of the respective Investment Choices shall remain unchanged.

Manulife Inv Aggressive Portfolio

The proportion of bond funds in this portfolio is between 0% to 20%, where the bond funds currently include:	Share Class of Underlying Fund	Currency of Share Class of Underlying Fund	Percentage Mix#	
			Existing	New
Invesco Funds – Invesco Emerging Markets Bond Fund	Class C (USD) – semi-annual distribution	USD	2.00%	2.40%

¹ SFC authorization is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

As determined by us according to market conditions and review of asset allocation in the portfolio, the proportion of each underlying fund of the portfolio may vary from the above percentage by $\pm 10\%$. Due to uncontrolled market fluctuations, the actual allocation to each underlying fund in the portfolio before rebalancing may exceed such variation and Manulife will rectify such deviation no less frequently than monthly.

Please note that, after the Reallocation, there will be no change to the respective investment objectives and policies of the Investment Choices, and also no change to the respective investment management fee/management fees of the Investment Choices. Further, the Reallocation has no impact on the number of units you are holding in the Investment Choices. The Reallocation will not affect the dealing and pricing arrangement of the Investment Choices. There will be no change in the risk profile of the Investment Choices in general. The Reallocation will not have a material adverse impact on the rights or interests of the policyowners of the Plans. You should read the latest offering documents of the underlying funds under the portfolio of the relevant Investment Choices, which are made available by Manulife upon request, for their details, including, without limitation, the investment objectives and policies, risk factors and charges.

Your Action

If you are currently holding notional units of any of the Investment Choices and you do not wish to hold such Investment Choice(s) after the Reallocation becomes effective, you may switch out such holding to any other investment choice(s) that is/are open for subscription under the respective Plans free of charge.

If you have arranged regular subscription to any of the Investment Choices and you wish to change the allocation for future subscriptions, you may send us a change of allocation instruction anytime. We will process your instruction free of charge accordingly. Please be reminded that the minimum subscription amount requirements under the Plans are still applicable.

You may let us have your switching instruction and/or change of allocation instruction by sending the completed and signed prescribed form(s) to our Administration Office. If we do not receive any instruction from you, your existing holding and/or future allocation will remain in the Investment Choice(s) after the Effective Date.

Please refer to the Principal Brochure – Investment Choice Brochure of the relevant Plans and the offering documents of the underlying funds linked to the investment choices (including the SFC-authorized funds under the respective portfolios of the Investment Choices) for further details about such investment choices and the corresponding underlying funds, including but not limited to the investment objective and policies, risk factors and related fees and charges. The offering documents of the underlying funds are made available by Manulife upon request.
