Various Changes of the Underlying Funds

We would like to notify you of the following changes with regard to the following underlying funds (each an “**Underlying Fund**” and collectively, the “**Underlying Funds**”) corresponding to the following investment choices under the Plans, following our receipt of the shareholder notice of the Underlying Funds dated July 11, 2022 (the “**Shareholder Notice**”).

Name of Plan	Name of Investment Choice	Name of Underlying Fund	Share Class of Underlying Fund
MI Plus and MISo	Manulife Inv Pictet Clean Energy Fund	Pictet – Clean Energy	Class P USD
Alpha, ARI and Matrix	MIL Pictet Clean Energy Fund		
MI Plus and MISo	Manulife Inv Pictet Global Thematic Opportunities Fund	Pictet – Global Thematic Opportunities	Class P USD
Alpha, ARI and Matrix	MIL Pictet Global Thematic Opportunities Fund		

The following updates to the Hong Kong offering documents of the Underlying Funds will take effect on July 22, 2022 (the “**Effective Date**”) unless otherwise stated below.

1. Update to investment in physical equities by the Underlying Funds

For the purpose of categorisation as “equity funds” under the German Investment Tax Act, it has been disclosed that at least 51% of the net assets of each of the Underlying Fund shall be invested in physical equities (to the exclusion of American Depositary Receipts, Global Depositary Receipts, financial derivative instruments and of any lent securities) that are listed on a stock exchange.

Further to regulatory update pertaining to the above, the foregoing minima will be updated to “more than 50% of the net assets” of each of the Underlying Fund.

2. Update to the name of the reference index of the Underlying Funds

The name of the reference index of the Underlying Funds will be updated from MSCI ACWI (USD) to MSCI AC World (USD).

For the avoidance of doubt, the above represents the change of reference index name only, and is not intended to be a change in the reference index.

3. Clarification of investment policy of Pictet – Clean Energy

It has been disclosed that the Underlying Fund will not invest more than 10% of its assets in bonds or any other debt security (including convertible bonds and preference shares), money market instruments, derivatives and/or structured products whose underliers are, or offer exposure to, bonds or similar debt and interest-rate securities. It has also been disclosed that investments in debt instruments by the Underlying Fund will not exceed 15%.

The latter investment limit (i.e. 15% limit on investment in debt instruments) will be removed for clarity of disclosures, such that it would be clear to shareholders of the Underlying Fund that the more conservative investment limit is applicable, whereby the Underlying Fund will not invest more than 10% of its assets in bonds or other debt security stated above and in the investment policy disclosures.

4. Other updates to the Hong Kong offering documents of the Underlying Funds

The Hong Kong offering documents of the Underlying Funds will also be updated to reflect other administrative, clarificatory, and editorial updates.

Please refer to the Shareholder Notice and latest offering documents of the Underlying Funds for further information relating to the above changes.
