**1. Changes to the Fidelity Underlying Funds**

According to the notice from Fidelity Funds (the Fidelity Underlying Funds being sub-funds of which) dated December 12, 2023, with effect on or around January 23, 2024, for efficient portfolio management purposes, the Fidelity Underlying Funds will be entitled to reuse and reinvest cash collateral within the limits provided for by the Hong Kong offering documents of the Fidelity Underlying Funds.

This change does not amount to a material change to the Fidelity Underlying Funds; there will be no material change or increase in the overall risk profile of the Fidelity Underlying Funds following this change; and this change does not have a material adverse impact on the rights or interests of the shareholders of the Fidelity Underlying Funds (including changes that may limit the ability in exercising their rights of the shareholders of the Fidelity Underlying Funds).

The administrative expenses triggered by the above-mentioned changes, including any legal, audit, mailing and regulatory charges, will be borne by FIL Fund Management Limited, the investment manager of the Fidelity Underlying Funds.

The above-mentioned changes will be reflected in the next update to the Hong Kong offering documents of the Fidelity Underlying Funds.

**2. Changes to the Invesco Underlying Funds**

According to the notice from Invesco Funds (the Invesco Underlying Funds being sub-funds of which) dated December 18, 2023, from January 18, 2024, the pre-contractual disclosures of the Invesco Underlying Funds will be updated in order to include an additional exclusion on sovereign issuers. Issuers rated E (on the scale of A to E) by the investment managers of the Invesco Underlying Funds through a qualitative assessment will be excluded from the Invesco Underlying Funds.

The sustainability-related disclosures of the Invesco Underlying Funds will also be updated accordingly. For more information on the environmental, social and governance related disclosures of the Invesco Underlying Funds, please refer to Appendix B of the prospectus of the Invesco Underlying Funds.

Please note that while a significant portion of the rebalancing exercise will be completed on January 18, 2024, certain trades may take a number of business days to complete. The entire exercise is expected to take up to 5 business days. As a result, the Invesco Underlying Funds might not comply entirely with their updated pre-contractual disclosures up to January 24, 2024. While it is expected that the entire process can be completed within 5 business days, it is possible that certain unforeseen events, such as a lack of market liquidity may impact the said timeline. However, it is expected that any proportion not completed within 5 business days will be immaterial.

This change will not materially impact the risk profile of the Invesco Underlying Funds.

Please refer to the respective notices and latest offering documents of the Underlying Funds for further information

relating to the above changes.
